

## PAMERCOURSES TRAINING EVALUATION FORM

1. Do you think you have been informed and supported well about the course program and organisation before your arrival?

yes, the project responsible gave us all the information from the very beginning, so we didn't have to pay extra for anything. The same was with the course program.

2. Please Write to what extent the course program contributed to your Professional development? How do you hope to change your practice as a result of this training?

I learned a lot of new websites that I can use to improve my classes and I am going to integrate them little by little in my classes.

3. What did you like most about this training?

I liked that we had a visit to a local school and that we learned a lot of things. The organisation of the events was very good and the trainers were very open-minded.

4. What aspects of the training could be improved?

I think it was perfect the way it was.

5. Please write your opinions regarding the organisation (Accommodation, Cultural visits, Meals etc)

The accommodation was in a four stars hotel, very close to all the tourist attractions and we had breakfast included. The rest of the meals were in the restaurants. We had seen all the important places in Istanbul during our cultural visits.

6. Please write at least three innovative tools or apps you learnt through this course. And how do you plan to use them in your classes?

I have learned about Edmodo which seems an interesting way to communicate with my colleagues and students. Also for the programs such as Popplet, Mentimeter, Kahoot, Quizizz or Plickers, I will try to use them in my future presentations or to prepare my classes to be more fun.

7. What do you think about effectiveness of the course trainers and leaders?

The topic of the training course is a very important for our educational system and for European Union as well so it is very interesting and the tools used by the leaders were suited to our need as well.

8. Please share other comments here or expand on previous responses here.

It is an efficient training course from every point of view you look at it.
