I think that the information about the course and the program was sufficient and comprehensive.

2. Please Write to what extent the course program contributed to your Professional development? How do you hope to change your practice as a result of this training?

During the course I got to know several activating methods that I can use in class. I liked the most was the map of thoughts that would organize the students' knowledge. I will be able to create interesting presentations in the prez.

3. What did you like most about this training?

I liked the most that each participant could learn interesting programs to use them later in the work according to the needs of their subject and the possibilities of students.

4. What aspects of the training could be improved?

I liked everything and there is no need to change anything.

5. Please write your opinions regarding the organisation (Accommodation, Cultural visits, Meals etc)

I think the accommodation was good. It was very interested. Many information about the culture and everyday life of the inhabitants of Turkey. The food was very tasty, varied and plentiful.

6. Please write at least three innovative tools or apps you learnt through this course. And how do you plan to use them in your classes?

I met several new programs: Google drive, Dropbox, Popplet. I intend to often use the mental maps and excercises using art to develop students' cooperation and creativity.

7. What do you think about effectiveness of the course trainers and leaders?

The lecturer conducted very interesting classes. He showed many interesting programs and motivated us to work.

8. Please share other comments here or expand on previous responses here.

My lessons will be more interesting and more creative now. I will be able to quickly convince in class, how students learn new information using the quizizz program.

Thank you for your feedback
